Extent	1 volume, 12 p.
Location	LH-MV-E-9
Language	English
Container	1
Abstract	The author claims that studies in paleontology, biology, and topography "practically eliminate the Darwinian hypothesis from serious consideration in the study of nature." The essay, which is illustrated by hand-drawn maps, is "dedicated to the memory of Henry Pemberton, Member American Philosophical Society, Academy of Natural Sciences of Philadelphia, etc."

Background note

Charles Gobrecht Darrach worked as a civil engineer in Philadelphia.
