Summary Information

Repository	American Philosophical Society
Title	Joint Committee for the Survey of Sources for the History of Biochemistry and Molecular Biology project archives, 1975-1979
Date [inclusive]	1975-1979
Call number	Mss.574.19.Su
Extent	18.0 Linear feet
Extent	18 linear feet.
Location	LH-B-31-3
Language	English
Container	1-35
Abstract	This includes project correspondence with individuals and groups, autobiographical questionnaires of biochemists, information on sources in China, and files relating to the project's search for sources. In addition, there is information concerning the computer system created to produce the guide.

Background note

The Joint Committee for a Survey of Sources was established by the American Academy of Arts and Sciences in Boston and the American Philosophical Society in Philadelphia. Their efforts produced the publication "Archival Sources for the History of Biochemistry and Molecular Biology: a Reference Guide and Report", David Bearman and John T. Edsall, eds. (Ann Arbor: University Microfilms International, 1980).
