Summary Information

Repository	American Philosophical Society
Title	Album materials
Date [inclusive]	1777-1925
Call number	Mss.B.AL1
Extent	0.25 Linear feet
Location	LH-MV-C-1
Language	English
Container	1
Abstract	Materials removed from albums, of letters and autographs of various persons.

Scope & content

This collection is composed of material taken from various albums. It includes letters between prominent scientists, including David Brewster, Francis Buckland Charles Bonaparte, and Herbert Spencer.

The majority of correspondence is friendly letters, and topics discussed include astronomy, natural history and fossils. Also included are autographs from Ulysses S. Grant, Lewis Boss, David Brewster and Verney Lovett Cameron among others.

Administrative Information

Publication Information

American Philosophical Society

Processing Information

Index is not complete.

Indexing Terms

Genre(s)

- Autographs.
- Correspondence.

Subject(s)

- Beyond Early America

Other Descriptive Information

This autograph collection contains only a few letters from early America. They were acquired for the significance of their signature - often British scientists - and not for their content.
