<b>Abstract</b>	<p>This collection includes correspondence (4 ft.), diaries, manuscripts of publications, and research data and note (6 ft.). The correspondence is mostly personal, with women friends and colleagues, and includes many of her often newsy replies. The letters with H. Anne Plettinger (1944-1976, 20 folders), a student and research assistant at the University of Chicago, are of particular note, with much news and gossip concerning the Dept. of Physics at University of Chicago and the Argonne National Laboratory.</p>
